## SOMETHING NEW IS ON THE HORIZON!

Coming this November, your credit union will be switching to Flex as its new core system partner... Flex brings a stronger core technology that will help us:

- Deliver more products and services our members desire.
- Create a more simplified and user-friendly online banking platform and mobile app.
- Gain new efficiencies in our daily operations.
- And much, much more!

Stay informed by watching for more information from our website, facebook page, newsletter, lobby notices, etc.

## With Interest Rates on the Upswing... now may be the best time to lock-in our current low vehicle financing rates!

Our rates have always been very competitive, and now more than ever, members need ways to gain some serious savings. Call to speak with a loan specialist about getting pre-approved before you buy your next car, truck or SUV.

### HAVE A VEHICLE FINANCED WITH ANOTHER INSTITUTION?

Check our rates and you may just find that we can save you money when you switch your vehicle loan over to us!

**Fixed Rates! Low Financing Rates! No Documentation Fees!**
